Hi Jennah,

I emailed Caitlain Thompson in our NPS section. She relayed that we have funded CWA 319 projects in the area and the Oklahoma Conservation Commission reports out on those activities annually. I have included her on the cc. Hope this helps.

Hi all, the reporter keeps referring to this USDA newsletter with an article about delisting certain segments for turbidity. Does anyone know if EPA was involved in this or what it's referring to?

PS. – Do any of these reporters ever call in the morning? Seems like we are always getting requests late in the afternoon.
